Energy Infrastructure

Elektromontaža became part of the Roaming Group in 2012. The company is one of the largest in the field of construction of electrical power facilities in Serbia, with a vast presence in the regional market and recent expansion of activities onto the EU. We have focused our energy and experience on building proficiency in all the services we supply in the cycle of designing, installing and maintaining T&D network utilities by applying worldwide renowned electrical equipment and technologies.

Security

Roaming Networks Security is a company that operates in the field of security systems. Expert teams offer risk assessment, planning, design, implementation and maintenance of security systems. R.E. Security, which was founded in 2012, provides physical security by protecting people and property. Licensed employees perform their activities with modern equipment in accordance with world security trends.

R.E. SECURITY

Risk Management & Human Capital and Benefits

Roaming Group is a local partner in Serbia to Willis Towers Watson (NASDAQ: WLTW), a leading global advisory, broking and solutions company that helps clients around the world turn risk into a path for growth. With roots dating to 1828, Willis Towers Watson has 39,000 employees in more than 120 countries. We design and deliver solutions that manage risk, optimize benefits, cultivate talent, and expand the power of capital to protect and strengthen institutions and individuals. Our unique perspective allows us to see the critical intersections between talent, assets and ideas — the dynamic formula that drives business performance. Together, we unlock potential.
